BUSINESS WITHOUT BARRIERS™

SPECIALIST INSURANCE FOR SOLICITORS'

The Arthur J. Gallagher Professional Risks Team is the niche division for the placement of Solicitors' Professional Indemnity Insurance and other associated Law Firm specialty lines of cover.

We understand your business

Our superior market relationships and our extensive expertise in this area allow us to support your firm with the full range of insurances to suit your needs.

Pre-Underwriting Review of your application

Our team will guide you through completing the application process, helping to take the stress out of gathering and presenting your claims experience.

We can anticipate further questions underwriters will ask, and those they should ask, to build a bigger understanding of your practice and the risks you face. This enables better management of the relationship with your chosen insurer and helps to manage premiums effectively.

The right cover at a competitive price

With access to a wide range of SRA participating insurers we find the most suitable insurer for your particular firm that fits your needs and business profile.

We can also offer cost effective premium payment plans to enable you to spread the cost of your cover.

A tiered approach to risk management

We are able to offer as much or as little risk management help as you need, from simple seminars for your staff, to Lexcel based risk audits from Lexcel-trained staff, to full risk audits across your entire business.

In-house claims advocacy

We have in-house LLB qualified staff dedicated to assisting our clients in the reporting of claims and potential claims, and managing the resolution of such claims.

Comprehensive support for your entire insurance program

We are ready to meet all of your insurance and risk management needs, and can offer comprehensive insurance reviews to prevent or minimise gaps in coverage. Covers available include, but are not limited to:
